## Gàidhlig National 4

### Course information:

The course is delivered through Listening, Talking, Reading and Writing activities and pupils are encouraged to speak and write in a coherent, accurate and appropriate manner. Pupils are also given the opportunity to study and develop their understanding of Literature and Culture. Pupils are taught to analyse and evaluate language which is heard and written and this includes poetry, short stories and novels. It is considered important that pupils are given the opportunity to study a language, which is an integral part of the community in which they live, in order to develop their skills and appreciation of that language and culture.

The course will consist of four units:

- Analysis and Evaluation
- Creation and Production
- Literacy
- Added Value Unit

### Assessment:

- This course will be formally assessed by teaching staff using resources provided by SQA. Reading and Listening skills will be assessed in the Analysis and Evaluation unit and Writing and Talking will be assessed in the Creation and Production unit. Successful progression in all these skills will additionally be measured in the Added Value Unit.
- There is no external assessment of this course and therefore no exam as part of the SQA diet.
- Regular formative assessment will take place.
